Re: South Carolina Electric & Gas Company – Annual Review  
Docket No. 2005-2-E

Dear Mr. Terreni:

The South Carolina Office of Regulatory Staff ("ORS") was recently contacted by a corporation regarding the redacted Fuel Study filed on January 31, 2006 in the above docket with the South Carolina Public Service Commission ("the Commission"). As you will recall, that filing contained both a redacted and unredacted version of the Fuel Study. The corporation that recently contacted ORS is not a party in the above docket, but expressed concern over material not included among the redactions in the redacted Fuel Study and requested that additional redactions be made. Based on several discussions with this corporation and in deference to the corporation's belief that the information is sensitive, ORS has elected to redact two additional portions of the Fuel Study from page 4. The originally filed redacted Fuel Study is being electronically filed today to include the page 4 redactions. Accordingly, please find enclosed the original and one copy of the redacted Fuel Study for public disclosure. By copy of this letter, ORS is also serving a redacted Fuel Study to the parties of record in this matter with the aforementioned additional redactions.

Thank you for your assistance.

Sincerely,

  
Shannon Bowyer Hudson
